DETAILED ACTION

Continued Examination Under 37 CFR 1.114

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on 02/13/08 has been entered.

Drawings

2. The following changes to the drawings have been approved by the examiner and agreed upon by applicant: element box 216 or 218 in Figure 4 is changed to describe the element box as "LP Signal Demod / Symbol Decode". In order to avoid abandonment of the application, applicant must make these above agreed upon drawing changes.
3. The following is an examiner's statement of reasons for allowance: present application discloses a method and an apparatus of a receiver receiving hierarchically modulated signals, wherein the receiver comprises a demodulator, decoder and re-encoder. Prior art teaches all the limitations claimed. However, prior art does not further teach a correcting demodulator coupled to receive output signal

from the re-encoder for demodulating the hierarchical signal using the error corrected and re-encoded symbols from the demodulated first signal.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Sam Ahn whose telephone number is (571) 272-3044. The examiner can normally be reached on Monday-Friday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Mohammad Ghayour can be reached on (571) 272-3021. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
